

Backlighting enhances viewer's appearance

UVC light destroys harmful pathogens in the sink, drain and faucets on a regular cycle

A patented design

## SteriLumen by MunnWorks

Research shows that the healing environment has a significant impact on patient recovery. At the same time, hospital acquired infections are a serious issue. One area of high contamination and great potential for cross contamination is the bathroom sink and the area around the sink and drains, where microbes thrive.

SteriLumen, the world's only Disinfecting Lit Mirror is the single solution that addresses both these issues: environmental design and infection control. Our elegant backlit design illuminates and reflects. The germicidal UVC LED's destroy 99.99% of HA/causing pathogens in and around the sink including the drain in just two hours.

### FEATURES & BENEFITS

#### Trusted model room (sample) manufacturing

- 6 week lead time
- Shipping flexibility and dependable lead times
- 2-part enclosure design for easy installation

#### Customizable product at every level

- Infinite dimensions and sizes suited for every project
- Optional add-ons and customizations to make your mirror unique
- 18" long whip that can be hardwired into the power source provided

#### Superior product and construction

- Copper-free mirror and coatings to prevent black-edge corrosion
- Powder coated metal chassis provides easy access to electrical components

#### Sustainable lighting

- High efficiency lighting saves energy and reduces energy costs
- Mercury-free LED lighting reduces environmental impact

#### Safety compliant

- UL or ETL certified
- Hard-wired or plug in connected for code compliance

### MUNNWORKS SIGNATURE LEDS (WHITE LIGHTS)

- UL Listed, CE Certified
- 90+ CRI (Color Rendering Index)
- 600+ Lumens/Foot Standard
- Mercury free
- Compatible 0-10V dimming control
- 50,000 hour lamp life
- Consistent light color temperature 3000K

### ADDITIONAL ADD ON FEATURES

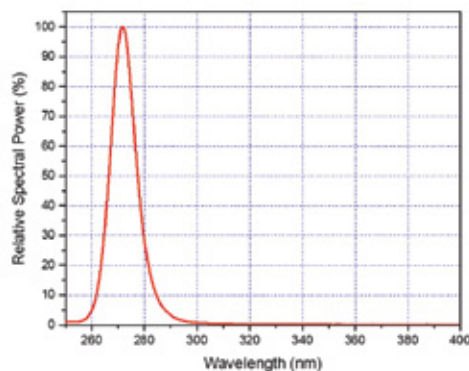

- Dimmable
- Alternate CRI available
- Alternate Color Temperatures available
- Defogger
- Mirrored shelf
- Tamper Free Magnetic Lock
- Non Dimmable LED Night Lights
- Finger Print Protection
- Polished Bevel
- Custom Frame

### LED DRIVER SPECS

- 60W max output power
- Constant voltage output
- Input range 90 - 305 VAC
- Dimming 0-10V
- High PF
- Low THD
- 9.5"L x 1.7"W x 1.14"H
